Your Globally Trusted Partner

Bringing End-to-End Solutions

Your Companions in Bringing Health To Life

Dishman Carbogen Amcis Limited (DCAL) is a global outsourcing partner for the pharmaceutical industry, offering a portfolio of development, scale-up and manufacturing services for finished soft gelatin capsules.

Our commitment is to deliver high-value-added solutions with technical excellence and to be a reliable partner for our customers, protecting their interests as our own.

Discover our expertise in the formulation development and manufacturing of soft gelatin capsules and the global export of finished pharmaceuticals.

Let us accompany you on the journey to bring health to life!

From Formulation to Global Compliance

Delivering Quality with Regulatory Compliance

Soft Gelatin Capsule Facility

- Small and large-scale production facility near **Ahmedabad**
- GMP-compliant facility for pilot BE batches
- Independent Air Handling Unit for each manufacturing area
- The facility is designed as per current regulatory requirements

Quality Control & Quality Assurance

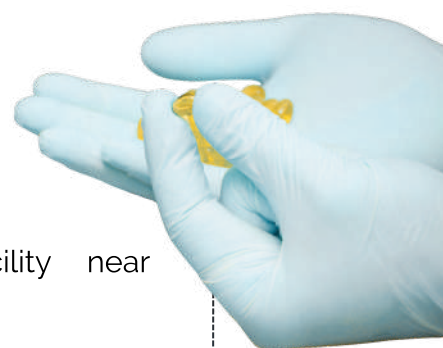

- QC & Analytical Development Laboratories (ADL)
- Equipped with HPLC, GC, Dissolution testing, and Stability chambers
- Aligned with ICH guidelines for global compliance

Accreditations

Note: **Dossiers submitted in Belarus & Guatemala.**

Key Features

Transforming Molecules into Market-Ready Solutions

Formulation & Development

- Specialised CDO services for lipid-based and low solubility APIs
- Customised soft gelatin capsule options for different colours & shapes
- Expertise in the Bioavailability Enhancement programme through the QbD approach

Production Capacity

- 330 million soft gelatin capsules expandable to 660 million in 3 min sizes per year
- Flexible batch sizes

Regulatory Support

- CTD/ACTD dossiers
- Support for filings in regulated/semi-regulated markets

Products

- Vitamin D₃ (Cholecalciferol) and Vitamin D₃ analogues (Calcifediol, Alfacalcidol & Calcitriol)
- Both Rx and OTC Drug products

Our capabilities

Driven by Expertise, Defined by Innovation

- Our experienced team leverages advanced encapsulation technologies to create customised solutions.
- We offer **505 (b)(2)** approaches for various **BCS Class II & IV APIs**. Our **lipid-based drug delivery systems** are ideal for reformulation projects that enhance **absorption** and facilitate **targeted delivery in the gastrointestinal tract**, resulting in improved **bioavailability** and enhanced **patient compliance**.
- Ready-to-market **pharmaceutical products**, with complete dossiers available.
- **Product Life Cycle Management** for registration in the global market.

Facility visits can be arranged upon request.

Why choose us?

SR.NO	NAME	STRENGTH	CTD/ ACTD DOSSIER	STABILITY DATA AVAILABILITY	PACK SIZE	PACK STYLE
01.	Calcifediol Capsules USP	0.266 mg	Available	24 M	• 10x10's	• Blister
02.	Cholecalciferol Capsules USP	1000 IU	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
03.	Cholecalciferol Capsules USP	50000 IU	Available	24 M	• 10x1x4's	• Blister
04.	Cholecalciferol Capsules USP	60000 IU	Available	36 M	• 10x1x4's • 8x12's	• Blister • Bottle
05.	Calcitriol Capsules BP	0.25 mcg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
06.	Calcitriol Capsules BP	0.5 mcg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
07.	Alfacalcidol Capsules	0.25 mcg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
08.	Alfacalcidol Capsules	0.5 mcg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
09.	Alfacalcidol Capsules	1 mcg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
10.	Vitamin E Capsules USP	200 mg	Available	36 M	• 10x10's • 8x30's	• Blister • Bottle
